**19:25****C. DISCUSSION ITEM- AS Ohlone College Endorsement**

**D. Maxion** states the Executive Committee will discuss a potential resolution in support of the AS Ohlone College students' concern.

**D. Maxion** introduces the Ohlone College AS President, Talha Tariq and Vice President, Tiffany Dang. **Talha Tariq** says within their AS Constitution exist a clause, under Article 6, Source of Power. **Tiffany Dang** reads the highlighted areas of article 6, and says throughout their school year, article 6 has been utilized many times by the College President. She says the first time was when they were discussing AP (Administrative Procedure) 5410, which were requirements needed to join AS. She says the requirements at the time were that students had to have a 2.0 GPA minimum and taking at least 5 units. She says the College President entertained the idea of raising these requirements to a higher minimum GPA requirement and units. She says many Senators felt that since it wasn't an issue in the past, they felt that it did not have to change. She says despite voting to not change the requirements, the College President decided to raise it anyways. She says the next instance was when an outside advocacy group called BAYA (Bay Area Young Advocates) wanted AS to endorse an open letter. This letter asked AS transit if it was possible to have a bus line between the Newark campus and Fremont campus. **Talha Tariq** says most of the students on BAYA were Ohlone students and it

was led by members of AS, who were too uncomfortable to prevent this item in AS. He says their college advisor vaguely threatened and said if you check the college, then expect the college to check you. He says the topic was forbidden to put on the agenda by the College President. **Tiffany Dang** says the AS budget is frozen and the student clubs on campus has no funding. **Talha Tariq** says they looked at the Constitutions and Bylaws for all the community colleges in California, and 86.9% had non-supremacy clause. He says this unusual clause has been used by the Administration to completely silence the voice of the students. He reads the first student proclamation which says, AS formally recognizes that Article 6, Source of Power, is an undemocratic and anti-students tool of the administrative. He says the San Jose Community College President, De Anza Student Body President, former De Anza Student Body President, former AS President, Foothill College Associated Students, Senator from UC San Diego, a Union City Councilman, and many more have endorsed them. He says they had a protest at the Board meeting during public comments. He says the endorsement letter basically states for the administrative to stop abusing students through article 6. **E. Pinlac** says this is a discussion item for this meeting, and they will take action on it at the next meeting.
