

UNIVERSITY OF CALIFORNIA, BERKELEY

...a resolution to move our intercollegiate athletic Division III to Division II was first brought to the ASU Board of Directors by the University President during the last academic year (06/07); and

the findings of the Dempsey-J. Lead Report (Division II feasibility study) stated that an additional revenue of \$1.5 million would be needed to fund this move; and

the financial burden of funding this move is suggested to be placed on students through our instructional program and other student fees.

Whereas, the President shall establish a faculty advisory committee comprised of students, faculty, staff, and administrative representatives to provide advice to the campus president as he/she shall consult with this committee before adjusting any fee; and

Whereas, the current 1981 Board of Directors have expressed their intent to
