Figure 1. The effect of the number of hidden layers on the performance of the proposed model.

Figure 1. A schematic diagram of the experimental setup. The laser beam passes through a lens and a polarizer, and is focused onto the sample surface by a lens. The reflected light is collected by a lens and focused onto a photomultiplier tube (PMT). The PMT signal is processed by a lock-in amplifier and recorded by a computer.

the date of termination. In addition, the UNIVERSITY shall endeavor to give the AGENT as much notice as practicable before terminating this Agreement.

#### \* Reservation of Right to Terminate

The UNIVERSITY reserves the right to terminate this Agreement at any time if the AGENT fails to meet its obligations under this Agreement or if the AGENT becomes insolvent or files for bankruptcy protection.

If the UNIVERSITY terminates this Agreement, it will provide the AGENT with written notice of termination and will pay the AGENT all amounts due and payable to the AGENT under this Agreement up to the date of termination.

If the UNIVERSITY terminates this Agreement, the AGENT will be responsible for returning all equipment and materials provided by the UNIVERSITY to the UNIVERSITY within a reasonable time after receipt of written notice of termination.

If the UNIVERSITY terminates this Agreement, the AGENT will be responsible for paying all expenses incurred by the UNIVERSITY in terminating this Agreement, including attorney's fees and costs of collection.

If the UNIVERSITY terminates this Agreement, the AGENT will be responsible for paying all amounts due and payable to the AGENT under this Agreement up to the date of termination, plus interest at the rate of 10% per annum from the date of termination until paid in full.

If the UNIVERSITY terminates this Agreement, the AGENT will be responsible for returning all equipment and materials provided by the UNIVERSITY to the UNIVERSITY within a reasonable time after receipt of written notice of termination, plus any shipping and handling charges.

If the UNIVERSITY terminates this Agreement, the AGENT will be responsible for paying all expenses incurred by the UNIVERSITY in terminating this Agreement, including attorney's fees and costs of collection, plus any shipping and handling charges.

If the UNIVERSITY terminates this Agreement, the AGENT will be responsible for paying all amounts due and payable to the AGENT under this Agreement up to the date of termination, plus interest at the rate of 10% per annum from the date of termination until paid in full, plus any shipping and handling charges.

If the UNIVERSITY terminates this Agreement, the AGENT will be responsible for returning all equipment and materials provided by the UNIVERSITY to the UNIVERSITY within a reasonable time after receipt of written notice of termination, plus any shipping and handling charges, plus any interest accrued on amounts due and payable to the AGENT under this Agreement up to the date of termination.

If the UNIVERSITY terminates this Agreement, the AGENT will be responsible for paying all expenses incurred by the UNIVERSITY in terminating this Agreement, including attorney's fees and costs of collection, plus any shipping and handling charges, plus any interest accrued on amounts due and payable to the AGENT under this Agreement up to the date of termination.
