

Curricular Practical Training (CPT) Tutorial

Center for International Education
California State University, East Bay

Eligibility

Immigration requirements:

- Must be enrolled full time for one academic year
- Must maintain a full course of study or be on an approved reduced course load for academic reasons
- Must be in good academic standing

Departmental Requirements:

- You are responsible for checking with your major department regarding any requirements such as completed pre-requisite classes, no academic dishonesty reports, etc.
-

Location/Duration/Limit

Students may engage in CPT only for the specific company/organization, location, and time period approved and recorded on your CPT I-20 form. CPT is reviewed on a semester-by-semester basis; any training that spans multiple semesters/terms will require separate applications for each semester/term.

CSUEB will only authorize 3 semesters/terms of CPT during your degree program.

Examples:

Student 1- Spring authorization, Summer authorization, Fall authorization

Student 2- Summer authorization, Spring authorization and Summer authorization

Effect on OPT

Use of part time CPT currently does not impact eligibility for OPT.

Cumulative use of full time CPT for one year or more at the same degree level eliminates eligibility for OPT. CIE does not permit one year of full time CPT at the same degree level so your CPT will not impact your OPT.

Effect on Full Time Enrollment Requirement

- F-1 students must continue to maintain a [full course of study](#) during every Fall and Spring semester, regardless of any CPT opportunities. The Department of Homeland Security considers engaging in a full course of study, physically attending classes, and making normal progress towards degree completion to be the foundation of maintaining a lawful and valid F-1 status.
- Please note- students with an approved [Final Term Reduced Course Load](#) are eligible to apply for part time CPT.

Eligibility- 1

You are currently in lawful F-1 status and have a declared major

Lawful F-1 Status

You are in lawful F-1 status if you have a valid I-20 and an I-94 record that confirms your immigration category is F-1 and that your admit until date is D/S.

Declared Major

In order to obtain authorization for CPT, the training must be directly related and integral to your major field of study.

Eligibility- 3

You have been enrolled full time for at least one full academic year (2 consecutive semesters) prior to the start date of your CPT

Eligibility- 4

You have obtained an internship offer letter and the activities you will perform during the internship are going to be directly related and integral to an established curriculum in your field of study

Internship Offer

CPT approval is internship or training specific. Your major department or the Internships office are required to verify your internship activities are related to your major.

Integral to an established curriculum

Eligibility- 4- Two Exceptions

A graduate student may apply for CPT prior to completing one full academic year of full-time coursework if that student's academic program requires all students in that program to participate in a practical training prior to completing one full academic year of enrollment.

In most cases, F-1 students who have been formally approved by the CIE for reduced course during the first academic year of enrollment are exempt from this requirement.
