CSU Sustainability Policy Update: Important Notes

The Draft Policy is high-level

Addresses broad goals and objectives.

Answers the “what” and “why”.

The complimentary “Guide” contains specific actions that can be taken to reach the Board-Level goals.

It answers the “how”.

The update is utilizing a “sandwich” approach – meaning there are critical elements of advancing sustainability CSU-Ranking th

The screenshot shows a Microsoft Teams chat window. At the top, there is a header bar with navigation icons on the left and a search bar on the right. Below the header, a message is visible with a blue background and white text. The message content is mostly illegible due to heavy digital noise and corruption. Below the message, there is a response area with a white background and a blue border, containing a single line of text that is also illegible. The bottom of the window shows a status bar with various icons and a small red icon on the right.
